DETAILED ACTION

1. Claims 21-33 remain allowed.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1-20 and 34 are again rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 remains indefinite because in lines 3 and 4, there is no direct antecedent basis for the recitation of "said incoming feed gas", as there is no previous use of the word "incoming". See item 4. of the last Office action. Claims 2-20 and 34 are indefinite because they depend from indefinite claim 1.
4. Claims 1-20 and 34 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
5. Applicant's arguments filed October 2, 2003 have been fully considered but they are not persuasive. As is pointed out above, Applicants still have not removed the indefinitiveness from claim 1. Thus, the above rejection of said claim and its dependent claims has been repeated.
6. Applicants' response to this Office action should also include the following editorial changes: Claim 21 does not start with a capital letter and in line 2, "stream" should be inserted after "gas" to provide antecedent for a latter term within the claim; and, in claim 28, line 2, the second occurrence of "a" should be canceled, and in line 14, "adopted" should be "adapted".

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
